

**imedpub ltd peer reviewed open access journals** - imedpub ltd is a new approach to scientific publishing as an open service to scientists it is driven by researchers for researchers while serving the interests of the general public, **translate bio rna therapeutics with messenger rna** - translate bio is pioneering the translation of rna science into therapeutics promoting healthy gene expression in people living with debilitating diseases, **our company aileron therapeutics** - aileron is the clinical stage leader in the field of stapled peptide therapeutics for cancers and other diseases our lead product candidate alrn 6924 which is being evaluated in multiple clinical trials reactivates p53 mediated tumor suppression by targeting both of the primary p53 suppressor proteins mdmx and mdm2, **pliant therapeutics pliant therapeutics** - about pliant pliant therapeutics is focused on discovering developing and commercializing breakthrough treatments for fibrotic diseases by harnessing the therapeutic potential of integrin biology and tgf modulation pliant aims to prevent or even reverse fibrosis to address the needs of many patients, **senior leadership sarepta therapeutics** - guriqbal guriq s basi ph d was appointed as our chief scientific officer in september 2017 he has 30 years of experience serving in increasing roles of responsibility in the pharmaceutical and biotechnology industries, **sciencedirect com science health and medical journals** - sciencedirect is the world s leading source for scientific technical and medical research explore journals books and articles, **hudsonalpha institute for biotechnology** - hudsonalpha identifies secondary genetic results in large pediatric genomics study hudsonalpha institute for biotechnology scientists identified clinically relevant secondary findings for parents who participated in a pediatric sequencing project to identify genetic causes for developmental delay in children, **drug discovery development term index** - not a comprehensive list of terms but a quick and dirty finding aid while i m working on getting these glossaries into a long overdue searchable database, **the annual guidebook hudsonalpha institute for biotechnology** - genetics genomics and biotechnology are fast paced and ever changing fields with new discoveries occurring every day to help educators stay up to date on these discoveries and learn how to bring them into the classroom the hudsonalpha education outreach team publishes an annual biotechnology guidebook, **celprogen the official website** - celprogen is a biotechnology company developing stem cell research and therapeutics products for regenerative medicine in cardiology oncology diabetes neurology, **blog exposure esperion therapeutics reported positive** - blog exposure esperion therapeutics reported positive top line results from first pivotal phase 3 study of its cholesterol drug bempedoic acid, **new analyses presented at aha 2017 show repatha** - new analyses presented at aha 2017 show repatha evolocumab significantly reduced cardiovascular events in patients with peripheral artery disease and in patients with a history of heart attacks, **biotechnology and business enterprise mres postgraduate** - our biotechnology and business enterprise mres is a research based course with a taught component that is equivalent to an msc, **gladstone institutes science overcoming disease** - gladstone researchers collaborate with google ai to develop one of the first applications of deep learning in biology, **who we are audentes therapeutics** - matt patterson is the co founder of audentes therapeutics and has served as president and ceo since the company s inception in november 2012, **grifols united states home** - progenika biopharma grants grifols worldwide distribution of its bloodchip genotyping test for blood donors the spanish biotechnology company progenika biopharma is a pioneer in the development of molecular biology tests for blood transfusion compatibility, **ips cells for disease modeling and drug discovery** - 2 20 advanced physiologically relevant hipsc based platforms for drug discovery fabian zanella director research development stemonix we present human induced pluripotent stem cell hipsc based platforms which were structurally engineered with greater physiological relevance aimed to elevate performance in drug discovery applications, **amgen receives positive chmp opinion recognizing that** - the repatha cardiovascular outcomes study showed reductions in the risk of heart attack by 27 percent the risk of stroke by 21 percent and the risk of coronary revascularization procedures by 22 percent in patients treated with repatha and statin therapy compared to patients treated with placebo and statin therapy over a mean duration of 26, **top guidelines center for open science** - the standards published in science in 2015 the top guidelines include eight modular standards each with three levels of increasing stringency journals select which of the eight transparency standards they wish to adopt for their journal and select a level of implementation for each standard, **armis biopharma arming humanity with weapons to fight** - armis biopharma is a late stage clinical biopharmaceutical company with a growing pipeline of targeted anti infective therapeutics armis is also focused on developing first of its kind peracid based anti infective technology to decrease the quantity and severity of infections that cause human suffering and death
